

HF::Geometry::LoadMeshObjects

```
graph LR; A[HF::Geometry::LoadMeshObjects] --> B[HF::Geometry::LoadMeshObjects]; B --> B;
```

The diagram illustrates a function call. On the left, a gray rectangular box contains the text 'HF::Geometry::LoadMeshObjects'. A straight blue arrow points from the right side of this box to the left side of a white rectangular box on the right. This white box also contains the text 'HF::Geometry::LoadMeshObjects'. A curved blue arrow originates from the top of the white box and points back to the top of the same box, representing a self-call or a loop.
