

`std::exception`

```
graph BT; A[HF::Exceptions::MissingDependency] --> B[std::exception]
```

The diagram illustrates an inheritance relationship. At the bottom is a gray rectangular box containing the text `HF::Exceptions::MissingDependency`. A blue arrow points vertically upwards from the center of this box to the center of a white rectangular box above it. The white box contains the text `std::exception`. This represents that `HF::Exceptions::MissingDependency` inherits from `std::exception`.
