

SphericalViewAnalysisAggregate

SphericalViewAnalysisAggregateFlat

HF::ViewAnalysis::Spherical  
RayshootWithAnyRTForDistance

```
graph LR; A[SphericalViewAnalysisAggregate] --> C[HF::ViewAnalysis::Spherical RayshootWithAnyRTForDistance]; B[SphericalViewAnalysisAggregateFlat] --> C;
```

The diagram illustrates a relationship between three components. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'SphericalViewAnalysisAggregate' and the bottom box contains 'SphericalViewAnalysisAggregateFlat'. On the right, there is a single gray rectangular box with a black border containing the text 'HF::ViewAnalysis::Spherical' on the first line and 'RayshootWithAnyRTForDistance' on the second line. Two blue arrows originate from the right side of the two white boxes and point towards the left side of the gray box, indicating that both white boxes are inputs or sources for the gray box.
